HOW TO PACK A STORAGE SPACE
Here are some quick tips to help you when packing your new storage space.

What you’ll need
- A box
- Sheets of paper
- Bubble wrap
- Pieces of cardboard
- Tape

Label boxes.
Label the contents of each box and mark boxes that contain items that can easily be damaged or broken.

Disassemble furniture items.
Look for ways to reduce the size of bedframes, couches, tables and chairs.

Keep an aisle open in the center.

STEP 2

Use heavy items to create a stable base.

Keep refrigerator and freezer open slightly.

STEP 4

Wrap mirrors and fragile items in padding.

Fill in the gaps creatively.
If you have a refrigerator, store small items inside of it. Just don’t forget to leave the fridge door wedged open for circulation.

STEP 6

Make a map of where everything is/ create an inventory list.
